

High-quality equipment for
reliable inspection

Accessories for ultrasonic spot weld inspection

Probes, RF cables, coupling
gel, waterpath membranes,
waterpath extenders and 90°
elbows for spotweld probes

**FIELD-
PROVEN**

well proven
and reliable

**FAST
DELIVERY**

with you in
a few days

**HIGH
QUALITY**

for a reliable
inspection

**Ultrasonic inspection systems and
NDT Services since 1983**

ACCESSORIES

Accessories for spot weld inspection

Coupling gel

For transmission of the ultrasonic beam to the weld surface

- non-corrosive
- non-contaminating
- water soluble
- silicone free
- 250 ml recyclable bottles
- Case of 6 bottles

Waterpath extenders

- Stainless steel housings for ultrasonic beam control
- selection of waterpath tubes (25-55 mm)

RF cables

BNC/Microdot/Lemo in 2 m / 3 m or 5 m.

90° elbows

- Inspection in areas of limited access
- no beam distortion and no loss of sensitivity

Waterpath membranes

- Several diameter
- Precut size
- Low ultrasonic attenuation
- Easy to assemble
- Package of 100 pieces

Probes

VOGT Ultrasonics supplies a wide range of ultrasonic transducers for various kinds of applications. The probes are available in different types of housings (depending on the application for the manual or mechanized inspection), various frequencies and beam angles. Individual and customer specific solutions may be offered on request.
